

Eric Essix

Jazz guitarist Eric Essix is one of Birmingham's most revered musicians. His performances are progressive, and innovative in their offerings of smooth jazz, funk, blues, gospel and soul. Band size ranges from duo (guitar and bass) to trio (guitar, bass and drums or female vocalist) or quartet (guitar, bass, drums, female vocalist). Not limited to jazz, we can highly recommend Eric's six-piece configuration for lively Motown, R&B and dance selections!
